KEY BENEFITS

Powerful monitoring protection for schools, MATs, local authorities, colleges, and all education settings

- Monitor ALL devices, browsers & applications - online & offline
- Incidents of concern reviewed via the intuitive cloud-based portal
- Provides detailed **screenshot evidence, alerts & reporting** for immediate action
- Coverage for leading applications including Office 365, Microsoft Teams & Google Workspace

Support for Bring Your Own Device

Advanced iPad Safeguard Browser

We understand that each education setting has different needs for monitoring student activity. **You can opt for either a self-managed monitoring solution or a full monitoring solution (FMS)!**

Full Monitoring Solution (FMS)

The Securus Full Monitoring Solution is managed by a team of safeguarding experts on behalf of your education setting. Our moderators will monitor, analyse & alert staff to potential **incidents of concern**

Self-Managed Monitoring

Staff can monitor activity themselves. Using the Capture Portal to review incidents allows Designated Staff & Safeguarding Leads to self-manage Securus
